PRINTING AND PHOTOGRAPHY DIVISION
WEEKLY REPORT FOR PERIOD ENDING
1 September - 7 September 1983

I. Items or Events of Major Interest that have Occurred During the
Preceding Week

A. HCM Color Scanner: The initial phase for operator instruction has been completed for the HCM 340 Scanner. Although final calibrations for the equipment are incomplete, several sets of color separation negatives for active jobs have been produced. The evaluation of the resultant color printing ranges from good to excellent.

B. Moscow Street Guide: 3,500 copies of the revised version of the Moscow Street Guide are being produced for the Cartographic Design Center, Current Production and Analytic Support/DDI. All copies of this pocket size edition are expected to be delivered by 1 October.

C. CAMS 2 Support: Over the past weekend, the Bindery and Reprographic Center (BRC) xeroxed five separate volumes containing a total of 900 pages for the ODP/CAMS 2 project. All material was delivered Tuesday a.m. as requested.

D. FBIS/JPRS Production: As an assist to JPRS to reduce an existing backlog, OL/P&PD is printing and binding four separate volumes which contain a total of 1,700 pages. All material is scheduled for return to JPRS this week.

II. Significant Events Anticipated During the Coming Week

A. P&PD Health and Safety Survey: The DDA/Safety Staff will be conducting a Health and Safety Survey of all P&PD facilities during the week of 12-15 September.
